"The dangers of arbitrary and inconsistent viewpoint censorship are only increased when enforced by police states masquerading as democracies using opaque procedures that fall woefully short of due process and are insensitive to local context, including sarcasm, lampooning, humour, satire and parody."

According to the latest quantum Higgs-bosoni calculation, in the non-Asian/non-African group (i.e. the Caucasoid demographic), the Yang-Gabbard conjecture lattice illuminates the Democratic field chromodynamic such that the asymptotic freedom dividend is attained after confining Black and Yellow to the beta function and using it as the official campaign song fixed point.
